Subject: Introduction of phase 5 of NCTS in Hungary (January 21, 2025)

Dear Recipients,

We would like to inform you that due to the introduction of phase 5 of NCTS (New Computerized Freight Transfer System), the current MCC and GMS applications used in phase 4 of NCTS will be down for maintenance between **January 20, 2025 at 9:00 p.m. and January 21, 2025 at 02:30 a.m.** will be available.

During the mentioned period, goods transfer procedures may be initiated according to the rules of the outage procedure. After the maintenance, the initiation of the goods transfer procedure is only possible by sending messages according to **phase 5 of the NCTS.**

Best regards,

Sándor

Üdvözlettel:
